MEMORANDUM FOR: Deputy Director (Administration)

25X1A9a

ATTENTION:

Mr. [REDACTED]

25X1A2e

SUBJECT:

REFERENCE:

Memo fr Special Assistant to DD/A to OGC,
dtd 2 Nov 54

25X1A2e

1. You have called to our attention the [REDACTED] memorandum of 19 February 1953, wherein he ostensibly assumed full responsibility for all payments made by the Agency in settlement of his accounts at the Station. You have inquired whether the conclusion stated in our memorandum of 15 September 1953 would have been different had that document been made available to us.

2. It will be recalled that the opinion of 15 September 1953 was based on the fact that there was no evidence of debtor-creditor relationship existing between the subject and the Agency. While the document dated 19 February 1953 may not be as unequivocal as might be desired, we believe that it does constitute evidence of such relationship with the result that had it been before us, our conclusion would have been different.

3. If this matter is to be re-opened, we would suggest that, first, action be taken to develop all the background information available concerning the execution of the 19 February 1953 memorandum. And as a matter of incidental interest, it might be in order to determine what disposition was made of the quarters and furniture to which [REDACTED] refers.

4. The file is returned.
